May/June 2023 - Spring Bouquet / Trip to the Beach

May / June 2023 Activities

Group 1 will be bringing spring home to our parents. Be on the lookout for egg carton flowers, thumbprint bugs, rainbows, and special cards. Our outside games will include different hula hoop relays. As one of our science activities, we will read several books about plants. Have a wonderful summer!

Summer is almost here, and Group 2 has a full month planned. Crafts will include May flowers and spring windsocks. During science, we will use shaving cream, food coloring, and water to create Rainbow Rain Clouds. In the gym, we will play Dr. Dodge and Kickball. Thanks for an incredible year!

Group 3 will wrap up the year by creating special gifts for our loved ones. We will enjoy the warm spring weather outside, while we play soccer and kickball on the field. We will engage in a science activity to predict and test which liquid best dissolves seashells. We would like to wish our graduating 6th graders the best of luck in middle school. You will be missed!

We wish all of our families a safe and enjoyable summer, and we look forward to seeing you at the end of August.
